

A Feasibility Study of no routine Gastric residual volume measurement in mechanically ventilated Infants and Children: the GASTRIC Study

GASTRIC Participant Consent Form for Consensus & Trial Design Meeting

For consensus meeting this should be completed by the participant. Explain to the participant: **Once you have read and understood each statement please tick (✓) AND initial. If you do not agree, then leave blank.**

No.	Statement	Tick	Initial
1.	I confirm that I have read and understood the information sheet (version 2.0 dated 06-03-19) for the above study. I have had the opportunity to consider the information, ask questions and have these answered satisfactorily.		
2.	I understand that I am not obliged to answer any questions or take part in the discussion, but that I do so at my own free will.		
3.	I understand that my participation is voluntary and that I am free to withdraw from the GASTRIC study at any time, without giving a reason and without my legal rights being affected in any way.		
4.	I agree to the consensus meeting being audio recorded.		
5.	I give permission for a copy of my consent form to be sent to the Clinical Trials Research Centre (CTRC) part of the University of Liverpool, to allow confirmation that my consent was given.		
6.	I understand that the data collected during the consensus and trial design meeting will be stored securely in compliance with General Data Protection Regulation (GDPR) and Data Protection Act 2018 at the University of Liverpool CTRC for 15 years after the end of this study.		
7.	I understand that the data collected during the consensus and trial design meeting may be looked at by authorised individuals from the research team and NHS Trust for checking purposes. I give permission for these individuals to have access to this data.		
8.	I agree to take part in the GASTRIC study consensus and trial design meeting.		

Participant Full Name:

Your Signature:

Today's Date:

To be completed by researcher once the participant has provided consent:

Researcher Full Name:

Researcher Signature:

Today's Date:

When completed, 1 (original) to be kept on record at the University of Liverpool, 1 copy to be provided to the participant at the meeting

Funding acknowledgement

This study was funded by the NIHR Health Technology Assessment (HTA) Programme (ref: 16/94/02).
